### about the charitable donation

- Despite many leads last year nothing panned out
- So we'll owe National \$400
- lots of discussion, came up with following thoughts:
  - make a flyer describing IDAL/philanthropic project. We can give this to prospective project people.
  - anyone with a lead follow it up and if we have more projects than we can do this year then yay we have more for next year as well
- More possibilities came up later in the meeting while talking about new membership

### board members
